RJC RESPONSIBLE POLICY

PRECIOUS JEWELS CORPORATION Jaipur has drafted and adopted this policy to document its commitment to responsible practices, requiring the support of its employees and all stakeholders involved in the company's activities.

The management of **PRECIOUS JEWELS CORPORATION** has appointed a contact person to monitor and record potentially significant issues as soon as they arise and to ensure that this policy is reflected in the strategies and operating procedures required to integrate it into all company activities.

The intention of **PRECIOUS JEWELS CORPORATION** is to apply the RJC COP 2024 requirements in both the internal and external context.

This document is communicated to stakeholders and made available externally through publication on the company website, www.preciousjewels.com, and internally by posting it on the company notice board, with the aim of informing all interested parties about our commitment.

As a Registered Member of the RJC, **PRECIOUS JEWELS CORPORATION** undertakes to carry out its activities in accordance with the RJC Code of Practices, integrating ethical considerations related to human rights, social responsibility, and environmental responsibility into our daily activities, corporate planning, and decision-making processes.

Therefore, in light of the above, **PRECIOUS JEWELS CORPORATION** undertakes to:

1) Respect national and international regulations;
2) Review this policy during system reviews and evaluations of company performance;
3) Establish measurable social responsibility objectives & communicate these objectives and the results obtained internally and externally to the identified stakeholders;
4) Adopt the Code of Practices issued by the Responsible Jewellery Council and its subsequent updates or modifications, and apply the responsible business practices contained in the Code of Practices;
5) Respect the principles and intentions stated in this document;
6) Raise awareness and develop the skills of its collaborators to help them integrate this policy into their work and procedures.

The corporate objectives will be monitored at least once a year through a review of the RJC 2024 management system with senior and/or middle managers, in order to identify potential gaps between the planned policy and actual company practices. The minutes of the meeting will be maintained as evidence of the review.

This policy is endorsed by the following person as the Managing Partner of this company.
